

Alpinestars Tech 10 boots

Price: \$419.99 (\$459.99 MSRP)

Colors: Black, red, silver, white (white boot features an integrated ventilation system)

Size: US Men's 7-14

Features

- ① Biomechanical bootie features torsion bars to control ankle and leg rotation, while allowing freedom of movement to provide new levels of support, comfort, and protection.
- ② Bootie is perforated, washable, and replaceable.
- ③ Polyurethane (PU) protection with shock absorbing padding on the heel and ankle.
- ④ PU spine protects the Achilles tendon
- ⑤ Ultra-thin, flexible forefoot area provides increased feel of the controls.
- ⑥ Three buckle system works in conjunction with the entire internal structure to provide excellent support and flexibility.
- ⑦ Buckles feature a quick-release locking system with a self-aligning design for precise closure and fit.
- ⑧ Inner side of the boot is designed for maximum grip against the bike, with PU panels to protect against heat and abrasion.
- ⑨ Form fitting rubber gator helps keep water out.

Note: Boot should be worn with a thin sock to fully appreciate the fit and comfort.
